## SUPPLY CHAIN MANAGEMENT

Be in the right place at the right time...  
and look good when you get there.

Rapid changeovers from one collection to another, seasonal peaks and globally integrated production systems – virtually no other sector relies so heavily on flexible and intelligent logistics solutions like the fashion industry.

If you want to be in the right place at the right time, and look good when you get there, you need to be able to rely on an experienced logistics partner like Expresslink.

A smooth arrival: wrinkle-free garments

You can count on it! We have plenty of experience in working with hanging garments. Consequently, we are specialists in storing, selecting and preparing hanging garments to suit the requirements of specific businesses so that they are ready for immediate sale without the need for ironing.

Our services: added value for you

As logistics specialists in the fashion industry, we can offer you a broad portfolio of value-added services. These include quality control, bagging, tagging & steaming.

Regardless of the service required – we can provide it for you!

Even faster: flexible delivery options

We can provide the appropriate freight solution to match your needs. Whether we're delivering 200 items to your overseas stockist, or a same day courier for a VIP online shopper, we can get it there on time every time.

## 3PL BENEFITS

Only pay for what you use...  
and reap the rewards

Take advantage of a variable cost structure as opposed to your current fixed cost system. Allowing you to improve cashflow and free up your valuable time.

### COST SAVINGS

- No rent or mortgage to pay on storage space
- No wages or salaries to pay for warehouse staff
- No workers compensation, payroll tax or superannuation to pay for warehouse staff
- No equipment, packaging or software costs to pay
- No software costs to pay
- Ability to turn your 'fixed overhead costs' into 'variable production costs' (pay as you use) with no hidden charges
- The known cost per unit can be passed on in production cost to safeguard profit margins

### QUALITY SERVICE

- + Only one point of contact for all distribution requirements
- + Experienced staff available at all times
- + Experienced logistic staff to advise on all aspects of distribution
- + All orders quality controlled for accuracy
- + Free up your managerial time to concentrate on sales and marketing - where you really make your money
